Mr. Harris, from the Committee consisting of Mr. Harris, Mr. Sheppard, Mr. Davenport, Mr. Marsh, Mr. Blair, Mr. Kitchel and Mr. Dayton, to whom were referred the Requisitions of Congress of the 27th of September 1785, and of the 2d of August 1786, reported as follows :

**T**HAT, in the Opinion of your Committee, those Requisitions were made by Congress in Virtue of Powers vested in them by the Confederation : That your Committee, influenced by this Conviction, and sensible of the Propriety of adopting Requisitions made under such Sanction, cannot but regret that the Injustice of some of the Sister States in withholding from us, and appropriating to themselves, the Profits and Advantages accruing from the Sales of those Lands which our Arms have equally contributed to conquer ; and in refusing to Congress the Exercise of the Fruits of a general Impost, which, in the same Proportion as they are burdensome, should be profitable to all, renders a Compliance with them on the Part of this State extremely difficult.

Thus situated, your Committee feel themselves greatly at a Loss what Measures they ought in Preference to recommend. They are notwithstanding, after taking every Circumstance into Consideration, constrained to give it as their Opinion, that the Sums demanded by Congress, as the Quota of this State, be raised as far as possible by Impost and Excise, and the Residue by Taxes in the ordinary Way. In the mean Time they are of Opinion, that the Representatives of this State in Congress should be instructed to represent to that Honourable Body, in the fullest and strongest Terms, the burdened Condition and exhausted Situation of the State, and to request their longest possible Forbearance.

Your Committee, having thus recommended the Mode which they conceived the most expedient and proper for making Provision for the Payment of the Quota of the foreign Debt, would have discharged their Duty but in Part, had they been silent or neglected to communicate to the House their Opinion with Respect to that Part of the Debt which is domestic, or confined to the Citizens of these States. This your Committee thinks cannot better be provided for than by increasing by Tax the Revenue Money to the Sum demanded, as our Quota of the Interest of the domestic Debt, to be appropriated solely to this Purpose ; as it must be very unimportant to Congress if the publick Creditors are satisfied, and they exonerated, in what Manner it be done. Your Committee are clearly of Opinion, that the Plan above suggested will be most beneficial to the Citizens of this State, and equally answer the Purposes of the Requisitions.

Signed by Order of the Committee,

EPHRAIM HARRIS.

The Committee have subjoined, for the Inspection and Satisfaction of the House, a Statement of the different Requisitions, and of the Monies that have been paid upon them, and an Account of the Sums which have already been, and still remain to be, provided for :

Mr. Dayton, from the Committee appointed to report Instructions to the Delegates of this State in the Congress of the United States, brought in the following Report :

To the Honourable LAMBERT CADWALADER, ABRAHAM CLARK and JAMES SCHUURMAN, Esquires, Delegates representing the State of New-Jersey in Congress,

GENTLEMEN,

**W**E, the Representatives of the State of New-Jersey in Council and Assembly met, although fully convinced of your Abilities and Zeal to promote the Interest of this State and of the Union, cannot refrain from communicating to you our Sentiments and Instructions upon certain Subjects of the first political Importance.

For the Sake of avoiding unnecessary Repetitions, we think it proper and sufficient in the first Place, to refer you to the Instructions given the former Representatives by the last Legislature, dated the first of March 1786, which one of you is officially possessed of, and the others may find recorded in the Minutes of the House of Assembly of the same Date.

The Disadvantages under which we then laboured, the Impositions that were at that Time practised upon us by the nearest States, and the Injustice that we conceived was done us by others still exist, and even operate with additional Force. These Instructions you will consider as the Rule and Direction of your Conduct while in Congress, and invariably adhere to them in every Matter to which they bear Relation.

As it may be necessary for you to be made acquainted with our Determination and Opinion upon the various Requisitions of Congress, we refer you for full Information on this Head to the Report of the Committee appointed for that Purpose, which has received the Approbation of that Branch of the Legislature from which they were appointed. We have directed that a Copy of this Report be enclosed to you, and you will regard it as expressive of our Wishes and Resolutions on this Subject. You will discover upon Reading it, that it is expected you will spare no Exertions in endeavouring to paint, to that Honourable Body with whom you have a Seat, the Unhappiness of our Situation, in its most striking and truest Colours. While you assure them of our Inclination to satisfy their federal and just Demands, so long as that Justice which we have long and loudly called for is denied us, and those unfeeling Oppressions against which we have hitherto unavailingly complained and remonstrated, are continued and increased.

The Welfare of the Union is the first Object of our Wishes and nearest to our

our Hearts. It is your Duty to promote it in every Situation, and under every Circumstance. Should any Misfortune, which Heaven avert, hereafter happen to it, those States, and those alone, must be responsible, whose illiberal and selfish Policy will have occasioned it, and on them must fall the whole Weight of the Evils which cannot fail to accompany such an Event. Be it then your Care, while you are asserting the Rights of the State you represent, to guard with a watchful Eye the Interests of the Whole. Let your Conduct be such, as will furnish no Room for the Reproach that New-Jersey has been among the last, or in the least Degree remiss in supporting the Confederation.

The Cession for a Term of Years of the entire Navigation of the River Mississippi to the Spanish Court, has, we are informed, been proposed and agitated in Congress. We cannot avoid expressing our Disapprobation of the Measure; and it is our Wish that you should give it your Opposition whenever it is again brought forward for Discussion or Decision. Were it evident, that the Execution of this Business would be attended with no ill Consequences or Inconveniences, yet, in our Opinion, the Consideration offered for it is Nothing to this State, and little or trifling to the Union. But we View it in a far different Light. We believe that the Value of the western Country, on the Sales of which we rely for the Discharge of our numerous Debts, is in some Degree dependant upon the free Navigation of this important River. The Cession of a disputed Right, when once made, is not easily reclaimed. And whether the Court of Madrid asks or intends it for the Benefit of its own Subjects, or to barter with Britain, the Step will be equally imprudent, and the Inconvenience equally great.

Which Instructions being read, were agreed to.

*Ordered*, That the Speaker do sign the same.

*Ordered*, That Mr. Wetherby do carry the same to the Council for Concurrence.

Two Messages from the Council by Mr. Kitchel.

 ' three of the Commissioners of this State, appointed to meet the Commission-

Mr. Harris, from the Committee consisting of Mr. Harris, Mr. Sheppard, Mr. Davenport, Mr. Marsh, Mr. Blair, Mr. Kitchel and Mr. Dayton, to whom were referred the Requisitions of Congress of the 27th of September 1785, and of the 2d of August 1786, reported as follows :

**T**HAT, in the Opinion of your Committee, those Requisitions were made by Congress in Virtue of Powers vested in them by the Confederation : That your Committee, influenced by this Conviction, and sensible of the Propriety of adopting Requisitions made under such Sanction, cannot but regret that the Injustice of some of the Sister States in withholding from us, and appropriating to themselves, the Profits and Advantages accruing from the Sales of those Lands which our Arms have equally contributed to conquer ; and in refusing to Congress the Exercise of the Fruits of a general Impost, which, in the same Proportion as they are burdensome, should be profitable to all, renders a Compliance with them on the Part of this State extremely difficult.

Thus situated, your Committee feel themselves greatly at a Loss what Measures they ought in Preference to recommend. They are notwithstanding, after taking every Circumstance into Consideration, constrained to give it as their Opinion, that the Sums demanded by Congress, as the Quota of this State, be raised as far as possible by Impost and Excise, and the Residue by Taxes in the ordinary Way. In the mean Time they are of Opinion, that the Representatives of this State in Congress should be instructed to represent to that Honourable Body, in the fullest and strongest Terms, the burdened Condition and exhausted Situation of the State, and to request their longest possible Forbearance.

Your Committee, having thus recommended the Mode which they conceived the most expedient and proper for making Provision for the Payment of the Quota of the foreign Debt, would have discharged their Duty but in Part, had they been silent or neglected to communicate to the House their Opinion with Respect to that Part of the Debt which is domestic, or confined to the Citizens of these States. This your Committee thinks cannot better be provided for than by increasing by Tax the Revenue Money to the Sum demanded, as our Quota of the Interest of the domestic Debt, to be appropriated solely to this Purpose ; as it must be very unimportant to Congress if the publick Creditors are satisfied, and they exonerated, in what Manner it be done. Your Committee are clearly of Opinion, that the Plan above suggested will be most beneficial to the Citizens of this State, and equally answer the Purposes of the Requisitions.

Signed by Order of the Committee,

EPHRAIM HARRIS.

The Committee have subjoined, for the Inspection and Satisfaction of the House, a Statement of the different Requisitions, and of the Monies that have been paid upon them, and an Account of the Sums which have already been, and still remain to be, provided for :

Mr. Dayton, from the Committee appointed to report Instructions to the Delegates of this State in the Congress of the United States, brought in the following Report:

To the Honourable LAMBERT CADWALADER, ABRAHAM CLARK and JAMES SCHUURMAN, Esquires, Delegates representing the State of New-Jersey in Congress,

GENTLEMEN,

**W**E, the Representatives of the State of New-Jersey in Council and Assembly met, although fully convinced of your Abilities and Zeal to promote the Interest of this State and of the Union, cannot refrain from communicating to you our Sentiments and Instructions upon certain Subjects of the first political Importance.

For the Sake of avoiding unnecessary Repetitions, we think it proper and sufficient in the first Place, to refer you to the Instructions given the former Representatives by the last Legislature, dated the first of March 1786, which one of you is officially possessed of, and the others may find recorded in the Minutes of the House of Assembly of the same Date.

The Disadvantages under which we then laboured, the Impositions that were at that Time practised upon us by the nearest States, and the Injustice that we conceived was done us by others still exist, and even operate with additional Force. These Instructions you will consider as the Rule and Direction of your Conduct while in Congress, and invariably adhere to them in every Matter to which they bear Relation.

As it may be necessary for you to be made acquainted with our Determination and Opinion upon the various Requisitions of Congress, we refer you for full Information on this Head to the Report of the Committee appointed for that Purpose, which has received the Approbation of that Branch of the Legislature from which they were appointed. We have directed that a Copy of this Report be enclosed to you, and you will regard it as expressive of our Wishes and Resolutions on this Subject. You will discover upon Reading it, that it is expected you will spare no Exertions in endeavouring to paint, to that Honourable Body with whom you have a Seat, the Unhappiness of our Situation, in its most striking and true Colours. While you assure them of our Inclination to satisfy their federal and just Demands, so long as that Justice which we have long and loudly called for is denied us, and those unflinching Oppressions against which we have hitherto unavailingly complained and remonstrated, are continued and increased.

The Welfare of the Union is the first Object of our Wishes and nearest to our

our Hearts. It is your Duty to promote it in every Situation, and under every Circumstance. Should any Misfortune, which Heaven avert, hereafter happen to it, those States, and those alone, must be responsible, whose illiberal and selfish Policy will have occasioned it, and on them must fall the whole Weight of the Evils which cannot fail to accompany such an Event. Be it then your Care, while you are asserting the Rights of the State you represent, to guard with a watchful Eye the Interests of the Whole. Let your Conduct be such, as will furnish no Room for the Reproach that New-Jersey has been among the last, or in the least Degree remiss in supporting the Confederation.

The Cession for a Term of Years of the entire Navigation of the River Mississippi to the Spanish Court, has, we are informed, been proposed and agitated in Congress. We cannot avoid expressing our Disapprobation of the Measure; and it is our Wish that you should give it your Opposition whenever it is again brought forward for Discussion or Decision. Were it evident, that the Execution of this Business would be attended with no ill Consequences or Inconveniences, yet, in our Opinion, the Consideration offered for it is Nothing to this State, and little or trifling to the Union. But we View it in a far different Light. We believe that the Value of the western Country, on the Sales of which we rely for the Discharge of our numerous Debts, is in some Degree dependant upon the free Navigation of this important River. The Cession of a disputed Right, when once made, is not easily reclaimed. And whether the Court of Madrid asks or intends it for the Benefit of its own Subjects, or to barter with Britain, the Step will be equally imprudent, and the Inconvenience equally great.

Which Instructions being read, were agreed to.

*Ordered*, That the Speaker do sign the same.

*Ordered*, That Mr. Wetherby do carry the same to the Council for Concurrence.

Mr. Dayton, from the Committee to whom was referred the Representation and Petition of John Halstead, reported as follows :

**T**HAT, in the Opinion of your Committee, the particular Case of Mr. Halstead requires, and from every Consideration deserves, the Attention of the Legislature. Were the Claim of the Petitioner not so well founded as it appears to be, there are Circumstances in the Case of this Gentleman which would strongly urge your Committee to attempt his Relief.

The great Sacrifices made by him in a very early Part of the late War, the decided Part he had taken in Favour of our Army, marching against Quebec at a Time, and in a Place, where it was most of all dangerous to be found so ; the Exertions which he made upon his own Interest and Credit to subsist our almost starving Troops, for which he has received but little Compensation ; and the Necessity which this brought him under of joining in the Retreat with a large Family, and of leaving his Interest and Property a Prey to an exasperated Enemy ; are Considerations sufficient to influence every candid and unprejudiced Mind in his Favour : But these Motives are not necessary to determine your Committee in their Report. Upon considering the Nature and Merits of the Ground upon which the Claim referred to your Committee is stated, they feel a Confidence in recommending that the Prayer of the Petitioner be granted.

Mr. Marsh, from the Committee to whom were referred the Petitions of Uriah Paul, Joshua Winans, John Black, Benjamin Morgan and David D. Baird, and the Papers belonging to John Stevens, Esquire, reported as follows:

**T**HAT your Committee having taken into Consideration the Facts set forth in the several Petitions and Papers above-mentioned, and the Proofs produced in Support of the same, are of Opinion, that so much of the Money that was received into the Treasury from the Sales of the Estates of Gabriel De-Vebber, if so much remains in the Hands of the Treasurer as will reimburse the Estate of David Paul, deceased, ought to be returned to the said Uriah Paul.

That so much of the Money arising from the Sales of the Estate of David Oliver, if so much remains in the Hands of the Treasurer, ought to be paid unto the said Joshua Winans, as will be sufficient to discharge the Bond mentioned in his Petition.

That although it doth not appear that the Parties concerned in the Business set forth in the Petition of John Black, did strictly comply with the Laws made  
and

and provided for that Purpose ; yet Justice seems to be on the Side of the Petitioner : Your Committee would therefore recommend him to the House for such Relief as is just and reasonable.

That the Prayer of Benjamin Morgan ought to be granted, and extended to all others in like Circumstances.

That David D. Baird ought to have the Money he paid refunded, and so much of the Costs as shall appear to be reasonable.

That John Stevens, Esquire, was in equal if not superior Circumstances of having his Claim against forfeited Estates adjusted and settled with any Person within this State, and, if he has suffered on that Account, it must have happened through his own Neglect, therefore recommend that his Papers be handed back by the Person that introduced them to the House.
